Guidance

It is the responsibility of a driver to update the council when a licensed vehicle is involved in an accident or incident involving damage to a vehicle, property, and/or injury to any person or animal. This is regardless of how minor the accident/incident was and/or who was at fault. The driver must inform the council in writing within 72 hours using the incident report form available on our website ([West Suffolk Council – Taxi licences](#)) which must be completed and submitted to the council by email (licensing@westsuffolk.gov.uk). Photographs of the damage must be sent through with the form, or within 24 hours of the accident/incident being reported.

The report must be made as soon as possible after the accident or incident except in exceptional circumstances, for example, where the driver is incapacitated due to the accident or incident and as such is physically unable to make the notification. (Please note whiplash will be regarded as an injury.)

An authorised officer of the council shall review the extent of the damage to a licensed vehicle following an accident or incident to determine whether the vehicle is fit for continued use or requires suspension. If the vehicle is fit for continued use but requires repair, the timescale for this repair must be agreed with an authorised officer of the council.

If the vehicle is not deemed fit for continued use, the vehicle will be suspended until such time as a full compliance test is passed by one of the council's approved garages and documentation submitted to the council.

A licenced vehicle which has suffered major accident damage or requires substantial mechanical repair may be temporarily replaced by a hire vehicle, provided:

1. the damage to, or defect in, the vehicle has been reported
2. an application is made in the prescribed manner
3. the replacement vehicle meets the requirements of the council's policy.
