	Other, please state:
Do you support the proposal to declare an Air Quality Management Area (AQMA) for the area covering The Gatehouse, 1-3, 4, 5 and 8 The Street, Great Barton? If no, please provide reasons why you do not support the declaration.	Support
	Don't Support Reasons for not supporting:
<p>The Council assesses the air quality along the specified section of The Street in Great Barton as being problematic for the reasons listed below:</p> <ul style="list-style-type: none"> a. General volume of traffic (including a significant proportion of HGVs) b. Buildings being close to the roadside preventing dispersion of pollutants c. The traffic flow being disturbed by the pedestrian crossing d. The traffic flow being disturbed by traffic entering and exiting the School Road and East Barton Road junctions e. Traffic building up and queueing through the problematic area from the Thurston (Bunbury Arms) junction during afternoon rush hour f. Cars parking outside the Post Office and disturbing traffic flow <p>If you are aware of any other reasons why the air quality is affected in this particular area, which you think the Council has not considered, then please provide further details below:</p>	
Do you wish to be involved in the Air Quality Action Planning Steering Group? If so please provide your contact details below:
