

This publication scheme is based on the model scheme and approved by the Information Commissioner.

This publication scheme commits West Suffolk Council (the 'council') to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the council. Additional assistance is provided to the definition of these classes in the sector specific guidance manual issued by the Information Commissioner.

The scheme commits the council:

- to proactively publish or otherwise make available, as a matter of routine, information, including environmental information, which is held by the council and falls within the classifications below
- to specify the information which is held by the council and falls within the classifications below
- to proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within the scheme
- to produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public
- to review and update on a regular basis the information the authority makes available under this scheme
- to produce a schedule of any fees charged for access to information which is made proactively available
- to make this publication scheme available to the public.

## **The method by which information published under this scheme will be made available**

The council will indicate clearly to the public what information is covered by this scheme and how it can be obtained.

Where it is within the capability of the council, information will be provided on its website. Where it is impracticable to make information available on the website or when an individual does not wish to access the information by the website, the council will indicate how the information can be obtained by other means and provide it by those means.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language that is legally required. Where the council is legally required to translate any information, it will do so.

Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

## **Charges which may be made for information published under this scheme**

The purpose of this scheme is to make the maximum amount of information readily available at minimum inconvenience and cost to the public. Charges made by the council for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on the website will be provided free of charge.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- photocopying
- postage and packaging
- the costs directly incurred as a result of viewing information.

Charges may also be made for information provided under this scheme where they are legally authorised, they are in all circumstances, including the general principles of the right of access to information held by public authorities, justified and are in accordance with a published schedule or schedules of fees which is readily available to the public.

If a charge is made, confirmation of payment due will be given before the information is provided. Payment may be requested prior to provision of the information.

## **Written requests**

Information held by the council that is not published under this scheme can be requested in writing, when its provision will be considered in accordance with the provisions of the Freedom of Information Act.

This publication scheme was produced by the council in April 2019.

Second review – August 2021

## Section 1 - Who we are and what we do

**This section includes organisational information, structures, locations and contacts. It is current information only.**

### West Suffolk Council Constitution

Description	The Council's constitution consists of a number of documents that, under the Local Government Act 2000, are required to be brought together and made available for public inspection. The articles of the constitution set out the basic principles that underlie the way the Council operates. The other parts of the constitution would normally include details of the Council and the committees to which the Council has delegated various powers and the functions that are the responsibility of the executive; the terms of reference of the various committees and other bodies; the standing orders that regulate the proceedings at meetings; financial regulations; the code of practice for the procurement of works, supplies and services; codes of conduct for members and employees; and the schedule for the payment of members' allowances.

West Suffolk Community Safety Partnership	The West Suffolk Community Safety Partnership covers three council areas, West Suffolk Council, Babergh and Mid Suffolk District Councils and is one of the few merged partnerships in the country. The membership includes representatives from the following agencies: district and borough councils, Suffolk County Council, Suffolk Fire and Rescue Service, The Police, National Probation Service, Youth Offending Service, health and registered social landlords.  The partnership produces an annual strategic assessment of crime and disorder and community safety issues (more details of this strategy can be found on our website) from which it decides on its priorities for the coming year. An action plan is then drawn up and agencies are commissioned to produce initiatives and projects to meet the priority areas with a view to reducing crime and increasing the feelings of community safety.

Suffolk Waste Partnership	<p>The Suffolk Waste Partnership (SWP) is a strategic partnership of the county, district/borough councils, who work together to continuously improve waste management services throughout Suffolk. The SWP has created a Joint Municipal Waste Management Strategy 2003-2020, which sets out the strategic framework for the management of municipal waste across the county.</p> <p><a href="http://www.greensuffolk.org/about/suffolk-waste-partnership">www.greensuffolk.org/about/suffolk-waste-partnership</a></p>
Anglia Revenues Partnership	<p>Originally formed in 2003, The Anglia Revenues Partnership (ARP) brings together the Revenues Services of five Councils to run an efficient service for the services of Council Tax collection, business rates collection, ARP Enforcement Agency, Housing Benefits, Council Tax reduction, fraud prevention and compliance.</p> <p>The aim of the partnership reduces the administration costs to each council and by working together each council can save money, by pooling resources and staff.</p> <p>The full partners of the ARP currently are Breckland Council, East Cambridgeshire District Council, Fenland District Council, East Suffolk Council and West Suffolk Council.</p> <p><a href="http://www.angliarevenues.gov.uk">www.angliarevenues.gov.uk</a></p>
Cambridge Sub-regional Choice Based Lettings Partnership	<p>Choice based lettings (CBL) is a method of letting social housing, which is being delivered across the Cambridge sub-region.</p> <p>CBL allows landlords to advertise their available homes, and customers are asked to express an interest in them. Lettings policies are used to prioritise customers and decide who receives the offer of the home, based on the housing needs and waiting time of those who express interest. CBL provides a more transparent way of letting homes, giving customers more say in where they are housed and more information about available homes.</p> <p>In West Suffolk the scheme is known as Home-Link – more information on the scheme can be found here: <a href="#">Home-Link</a></p>
Suffolk Observatory and Suffolk Office of Data and Analytics	<p>Suffolk Observatory website is a great source of useful data that will help in writing reports and presentations. It can help with informing strategic and business planning and preparing funding applications or supporting academic research.</p> <p>Further information on the work of the Suffolk Observatory can be found here: <a href="#">Suffolk Observatory</a></p> <p>The Suffolk Office of Data and Analytics (SODA) has been set up as a collective endeavor between Suffolk public service organisations to make better use of data, to generate new insights into public services and the needs they serve, and apply these insights to improve policy and service design and delivery.</p>
