No, you will need to pay for a replacement.

How can I stop my bin(s) being stolen?

Please remember it is your responsibility to look after the wheeled bins at your property.

There are ways you can help avoid your bin being taken:

- Clearly mark the bin with your address or at least the house name or number
- Do not put the bin out too early on collection day (but it must be out by 6.15am)
- Bring the bin in as soon as possible after collection
- Check with your neighbours after collection if your bin is missing

If my bin went into the back of the collection vehicle, do I still have to pay for a replacement?

No, the crew will mark on their in-cab tablet that the bin has gone into the back of the collection vehicle. You will be sent a replacement out free of charge which we will aim to deliver within 10 working days. Where practical for the crews, they will leave sacks for you to use whilst you are waiting for your replacement bin.

If I buy a replacement bin, does it then become my property?

No, the bin will remain the property of West Suffolk Council. You are paying for the cost of a replacement bin.

If I don't want to pay for a replacement bin, can I take my waste to the household waste recycling centre?

Yes, you can. Please note that the collection crews will be notified that you are no longer eligible for a kerbside collection.

Can I pay for a second bin for my waste?

No, you cannot pay for a second bin. If you think you might be eligible for help with additional waste, please check our website – [Missing bins, recycling sacks and larger bins](#)
