Pushing on!

Welcome back to Dear Neighbour, our newsletter that keeps you updated on West Suffolk Operational Hub, Bury St Edmunds.

The last few weeks have been a period of intense activity. We have continued to work closely with our groundworks contractor who have carried out a number of activities in preparation for foundations to take the retaining wall installations. We are also progressing with the drainage works, continuing to build up the site levels and are carrying out the construction of the access road.

Other works include the bore hole commencement for the water feed, and piling works for the steelwork frame installation to suit the projects requirements.

Following the positive feedback from last month's coffee morning, next month we will be holding a open afternoon on the site where you can find out about the scheme and take a closer look! This will be held on 24th September 3.00 - 4.00pm. Spaces will be limited so please contact helen.clements@morgansindall.com if you are interested in attending.

Our Microsite (see opposite) is now also up and running. Be sure to keep an eye on this for updates and information on the project www.wsohproject.co.uk

Delivering new waste facilities for West Suffolk

Delivered on behalf of Suffolk County Council and the West Suffolk councils, the project involves the construction of a new waste hub facility which will combine services currently provided across four separate sites onto a single site at Hollow Road Farm in Fornham St Martin. The facility will contain a Household Waste Recycling Centre, Waste Transfer Station, baling facility, fleet maintenance depot and stabling for local authority vehicles, an administration building and access road works.
