

# Safer places – measures in Mildenhall

## Highways and footpath changes

### Key to map

Mildenhall Kingsway/Queensway and town centre

1. Temporary footway, from the **junction of Kingsway/Queensway along King street to Recreation Way** - Market Place side 3.5m width.
2. **Market Place to King Street** - signage to be used as low pedestrian flow site will be monitored and closure requested from Suffolk County Council if issues arise, this will also require lifting of one-way order and loss of some car parking spaces in Market Place.
3. **One-way system for pedestrians around churchyard** due to narrow footways

All changes by West Suffolk Council are being kept under review.
