10th October 2017

Dear Simon Berkeley and Christa Masters,

Examination of the Single Issue Review of Core Strategy Policy CS7 ('the SIR')

Thank you for your letter dated the 3rd October, where you have outlined two concerns and requested a response from the Council as to our chosen way forward and the timescales involved.

Having reviewed the contents of your letter, the Council feels confident it can respond to the concerns positively.

With regards to timescales, during the SIR hearings you requested additional information which was agreed would be provided to you on the 13th November. The Council feels it can respond to your concerns in full, together with the additional information you requested during the SIR hearings on the agreed date of the 13th November following the Site Allocations Local Plan (SALP) hearings.

Yours sincerely,

Marie Smith
Service Manager – Strategic Planning

Julie Baird • Assistant Director for Growth
