in the Local Development Framework: Yes / No

## 2. SITE DETAILS

**Site name** Land to the South West of Fornham All Saints

**Location** Bury St Edmunds

**Total Area** 19.44 (ha)

Of which \_\_\_\_\_ (ha) is on brownfield land

Of which 19.44ha is on greenfield land

**Ordnance Survey Grid Reference** \_\_\_\_\_

**Current use(s) (please specify last use if vacant)**

Agricultural

**Suggested uses**

Residential

## 3. DEVELOPMENT CONSTRAINTS

Is the suggested use subject to any of the following constraints?

| Constraint             | Yes/No | Comments |
|------------------------|--------|----------|
| Flood Plain            | No     |          |
| Nature designation     | No     |          |
| Land contamination     | No     |          |
| Conservation Area      | No     |          |
| Special Landscape Area | No     |          |

|                                                                        |                                     |
|------------------------------------------------------------------------|-------------------------------------|
| How close is the nearest bus stop?                                     | 1,000 metres<br>Bus service numbers |
| How close is the nearest primary school?                               | 2,960 metres                        |
| How close is the nearest shop that will provide day-to-day food needs? | 2,300 metres                        |
| How close is the nearest doctor's surgery?                             | 3.14 kilometres                     |

If there are constraints to development, what interventions could be made to overcome them?

\_\_\_\_\_

**Policy constraints:** How does the proposal conform with current national, regional or local planning policies?

There is a local need for houses in small villages. This development

would contribute to sustainability objectives such as public transport and local facility improvements.

---

#### **4. OTHER INFORMATION**

Has the viability of the site been tested? If so, please include details.

Yes, it is a greenfield site with no significant abnormal development costs which would render the site unviable.

Likely time frame for development:

6-10 years

10-15 years

## Beyond 15 years

Any further information: (Continue on separate sheets if necessary) Please supply four copies of any supportive statements or an electronic version.

|    | <b>SA Objective</b>                                                                   | Please indicate whether your proposal will have a positive or negative contribution towards each objective |
|----|---------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------|
| 1  | To improve the health of the population overall                                       | <i>Positive</i>                                                                                            |
| 2  | To maintain and improve levels of education and skills in the population overall      | <i>N</i>                                                                                                   |
| 3  | To reduce crime and anti-social activity                                              | <i>N</i>                                                                                                   |
| 4  | To reduce poverty and social exclusion                                                | <i>N</i>                                                                                                   |
| 5  | To improve access to key services for all sectors of the population                   | <i>N</i>                                                                                                   |
| 6  | To offer everybody the opportunity for rewarding and satisfying employment            | <i>N</i>                                                                                                   |
| 7  | To meet the housing requirements of the whole community                               | <i>N</i>                                                                                                   |
| 8  | To improve the quality of where people live and to encourage community participation  | <i>N</i>                                                                                                   |
| 9  | To improve water and air quality                                                      | <i>N</i>                                                                                                   |
| 10 | To conserve soil resources and quality                                                | <i>N</i>                                                                                                   |
| 11 | To use water and mineral resources efficiently, and re-use and recycle where possible | <i>N</i>                                                                                                   |
| 12 | To reduce waste                                                                       | <i>N</i>                                                                                                   |

| <b>SA Objective</b>                                                                            | <b>Please indicate whether your proposal will have a positive or negative contribution towards each objective</b> |
|------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| 13 To reduce the effects of traffic on the environment                                         | <input checked="" type="checkbox"/>                                                                               |
| 14 To reduce contributions to climate change                                                   | <input checked="" type="checkbox"/>                                                                               |
| 15 To reduce vulnerability to climatic events                                                  | <input checked="" type="checkbox"/>                                                                               |
| 16 To conserve and enhance biodiversity                                                        | <input checked="" type="checkbox"/>                                                                               |
| 17 To conserve and where appropriate enhance areas of historical and archaeological importance | <input checked="" type="checkbox"/>                                                                               |
| 18 To conserve and enhance the quality and local distinctiveness of landscapes and townscapes  | <input checked="" type="checkbox"/>                                                                               |
| 19 To achieve sustainable levels of prosperity and economic growth throughout the plan area    | <input checked="" type="checkbox"/>                                                                               |
| 20 To revitalise town centres                                                                  | <input checked="" type="checkbox"/>                                                                               |
| 21 To encourage efficient patterns of movement in support of economic growth                   | <input checked="" type="checkbox"/>                                                                               |
| 22 To encourage and accommodate both indigenous and inward investment                          | <input checked="" type="checkbox"/>                                                                               |
