ALL INFORMATION SUBMITTED WILL BE MADE AVAILABLE FOR PUBLIC INSPECTION AND MAY BE THE SUBJECT OF PUBLIC CONSULTATION AS PART OF THE LDF PROCESS

Guidance

- Please use a separate form for each site and complete the form to the best of your knowledge.
- 2 Do submit sites that:
 - would be available for development or redevelopment in the next 20 years;
 and
 - are more than 0.2 hectares (0.5 acres).
- 3 Do not submit sites that:
 - already have planning permission for development unless a new and different proposal is likely in the future; and
 - are outside of the St Edmundsbury local authority area.
- 4 Details of existing constraints can be obtained from a number of sources.
 - Information on floodplains can be found at <u>www.environment-agency.gov.uk</u>
 - Information on nature designations can be found at www.natureonthemap.org.uk
 - Details of special landscape areas and conservation areas can be obtained from the existing replacement Local Plan at www.stedmundsbury.gov.uk

Site Plan

This form should be accompanied by a site plan on a recognised Ordnance Survey base. The site plan should clearly illustrate the following information:

- The exact boundary details (coloured red) of the site that you would like considered
- Potential access points (vehicular and non-vehicular)
- Those areas identified as brownfield (shaded blue) and/or greenfield land (shaded green)

Dear Sirs,

St. Edmundsbury Local Framework - Cowlinge village. Planning Policy.

Having read your Core Strategy L.D.F. report fully, we are in complete agreement with its' intentions and proposed methods.

It is our considered opinion that Cowlinge Village could fall into the category of a 'Key Service Centre' and 'sites with potential for development'. We would like to be considered as such, for inclusion in the Local Development Framework.

Our client is a local land owner resident of more than 60 years, who would very much like to help build a sensitively enlarged Cowlinge Village, providing affordable housing almost exclusively, a village hall or community centre together with play areas for children, a new village shop etc., and possibly some 'light or 'cottage industry units.

We are totally committed to sustainability, and more than happy to create efficient, even self – sufficient, environmentally sound buildings and dwellings. We believe this would provide a contribution to the overall housing needs, in a pleasant rural area, without damaging the beauty of the surrounding natural environment. It is also our sincere hope that this would promote the need (in the near future) for a new doctors surgery and possibly even a small village school.

Our site is adjacent to the existing settlement boundary, and we attach a plan showing this.

In further answer to question 3 of your form, we are not aware of any other development constraints, apart from the obvious need to improve the infrastructure of the village, and of course, planning restrictions.

We trust that if all, or part of our proposals become viable considerations, such issues as 'change of use 'and then density etc.. would all be part of an outline, or full detailed, Planning Application.
